Rakugo is the centuries-old Japanese storytelling genre based on comical monologues.

Rakugo master, **Someta Hayashiya** will be traveling from **Osaka, Japan**, especially for Texas audiences!!

This special event will be performed in English.

AJC では、日本から人気上方落語家の林家染太師匠をお招きし、新春落語会を開催します。本公演は、英語での上演ですが、簡単なボキャブラリーを賢く楽しく駆使してのお話なので、英語が苦手でもノープロブレム！

What is RAKUGO?

Rakugo is traditional Japanese art of comedic storytelling. It dates back to the Edo Period (1603~1868) and remain popular today.

It is kind of like a sitcom with one person playing all the parts. It is verbal art and a humorous entertainment at the same time. It's not just a series of jokes, in discrete segments; it's a continuous story. *Rakugo* is all about masterful storytelling with tons of humor!
